In re Application of  
David Bell et al.  
Application No. 10/826,401  
Filed: April 19, 2004  
Attorney Docket No. 2004\_0623

:  
:  
:  
: DECISION ACCORDING STATUS  
: UNDER 37 CFR 1.47(a)  
:

This is in response to the petition filed April 1, 2005 under 37 CFR 1.47(a).

The petition is **GRANTED**.

The above-identified application was filed on April 19, 2004, naming David Bell and Neil Dutton as joint inventors but without a signed declaration. Accordingly, on September 3, 2004, a "Notice To File Missing Parts of Application" was mailed, requiring *inter alia* a properly executed oath or declaration.

In response, on oath or declaration executed only by joint inventor Neill Dutton, a petition under 37 CFR 1.47(a) and a request for a five month extension of time was filed. The petition argues that joint inventor Bell refuses to sign the oath or declaration and thus by his actions, to cooperate with the filing of the instant application.

A grantable petition under 37 CFR 1.47(a) requires: (1) proof that the non-signing inventor cannot be reached or refuses to sign the oath or declaration after having been presented with the application papers (specification, claims and drawings); (2) an acceptable oath or declaration in compliance with 35 U.S.C. §§ 115 and 116; (3) the petition fee; and (4) a statement of the last known address of the non-signing inventor.

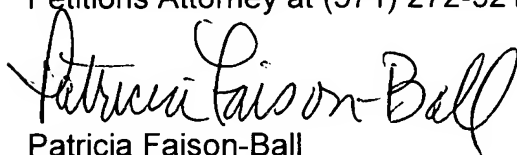

The petition bears proof that the application papers were sent to Mr. Bell and that he has expressly, in writing, refused to sign the oath or declaration or to cooperate with the filing of the instant application. The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). In view thereof, this application is hereby accorded Rule 1.47(a) status.

Thus, as provided in Rule 1.47c, this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

As well, please be advised that effective November 22, 2004, the petition fee has been increased to \$200.00. Therein, deposit account no. 23-0975 has been charged in the amount of \$70.00 to make up the difference between that which was paid and that which is due pursuant to 37 CFR 1.17(g). See the Notice published in the Federal Register on September 21, 2004 and in the Official Gazette of the United States Patent and Trademark Office on October 12, 2004.

This matter is being referred to the Office of Initial Patent Examination for further pre-examination processing.

Telephone inquiries concerning this matter may be directed to the undersigned.
